1. How to develop cost-effective solutions for exploration .

Posted: Sunday, April 26, 2015, 68 Views

2. Oil-Water Contact and/or Gas-Water Contact are Detected with Moving Vessel

Posted: Monday, March 16, 2015, 117 Views

3. Main advantages of the Binary Seismo-Electromagnetic technology

Posted: Saturday, February 21, 2015, 188 Views

4. Reducing the risk of catastrophic spill

Posted: Tuesday, February 3, 2015, 232 Views

5. Exploration is very unsuccessful now : How should we explore?

Posted: Saturday, January 10, 2015, 31 Views

6. Staff reduction or innovative technology implementation?

Posted: Tuesday, October 14, 2014, 220 Views

7. Direct Response from Bituminous Shale

Posted: Wednesday, May 14, 2014, 347 Views

8. Seismics is unable to give pre-drilling forecast right on mature province

Posted: Friday, January 24, 2014, 359 Views

9. Way to stop the permanent decline Norway's oil production

Posted: Tuesday, January 21, 2014, 456 Views

10. Ignoring the BSE exploration technology Tullow Oil drilled wildcat without commercial

Posted: Tuesday, January 14, 2014, 506 Views

11. What is our choice: Innovative exploration technology or petroleum industry crisis?

Posted: Monday, January 6, 2014, 828 Views

12. If you want to increase exploration drilling success as much as four, go to BSE technology.

Posted: Thursday, December 5, 2013, 580 Views

13. "Statoil's exploration success rate on the NCS has been over 70% ..." is it mistake or bluff?

Posted: Sunday, November 10, 2013, 470 Views

14. [Norwegian Petroleum Directorate, Why so many dry wells?](#)

Posted: Tuesday, November 5, 2013, 421 Views

15. ['Technology can help reduce production costs, says Petrobras Director'](#)

Posted: Monday, November 4, 2013, 347 Views

16. [The UK Government is seeking to unlock the potential of Britain's remaining offshore reserves](#)

Posted: Monday, November 4, 2013. 368 Views

17. [Innovative technology: "Finding, outlining and monitoring of petroleum reservoirs"\(main tasks\).](#)

Posted: Monday, October 21, 2013, 578 Views

18. [Technology: "Petroleum-water contact monitoring under production or fluid injection and more"](#)

Posted: Thursday, October 17, 2013, 502 Views

19. [Technology : Increasing reservoir recovery factors](#)

Posted: Tuesday, October 15, 2013, 416 Views

20. [Technology "Outlining oil or gas in seismic prospects" before drilling](#)

Posted: Friday, October 11, 2013, 655 Views

21. [Why does conference 'Data Management Strategies for a Changing Industry' ignore the BSE technology?](#)

Posted: Friday, October 4, 2013, 360 Views

22. [How do oil - water or gas -water contacts move in reservoir\(s\) under production?](#)

Posted: Friday, September 27, 2013, 868 Views

23. [What is fluid in seismic prospect : hydrocarbons or water?](#)

Posted: Wednesday, September 25, 2013, 1198 Views

24. [Geological Risk? Less than 25% with the BSE technology](#)

Posted: Tuesday, September 24, 2013, 475 Views

25. [Important addition to petroleum siesmics.](#)

Posted: Monday, September 23, 2013, 486 View

26. [What technology can find oil and natural gas on structure wings?](#)

Posted: Thursday, September 19, 2013, 727 Views

27. [BSE technology: discovering hydrocarbon fields in less time and money](#)

Posted: Wednesday, March 13, 2013, 771 Views

28. ['Secret Energy Revolution' with New Exploration Technology](#)

Posted: Monday, March 11, 2013, 722 Views

29. [New Exploration Technology \(free\)](#)

Posted: Tuesday, January 15, 2013, 792 Views

30. [Technology to explore structure wings and other monocline blocks to discover hydrocarbon reserves](#) **Posted:** Tuesday, December 25, 2012, 1229 Views

31 [Explore structure wings and other monocline blocks to discover reserves](#)

Posted: Sunday, December 23, 2012, 790 Views

32. [Possibilities in hydrocarbon reserves discoveries](#)

Posted: Wednesday, November 28, 2012, 777 Views

33. [New exploration technology](#)

Posted: Friday, July 15, 2011, 1416 Views

34. [Innovative oil exploration technology for sale](#)

Posted: Tuesday, June 7, 2011, 1549 Views

35. [New Geophysical Phenomenon in Oil Deposits](#)

Posted: Thursday, May 26, 2011, 2399 Views

36. [Looking for Most Effective Exploration Technology?](#)

Posted: Monday, January 10, 2011, 1673 Views

37. [What we are doing in exploration now?](#)

Posted: Friday, December 10, 2010, 1417 Views
